G. NORWOOD
LANDSCAPE MANAGEMENT

Did you know?

Over the past five or so years, perennials and annuals have become a passion of mine to say the least? They are a great way to add color to any bed or border to enhance the beauty of a tired area of the yard. The beauty of the perennial is that they can be divided every couple of years and moved throughout the yard. A great way to save money and expand your gardens at the same time. Annuals are inexpensive and can be used in beds, borders or placed in pots, window boxes or even hanging baskets to create beautiful container gardens. Container gardens can add life to an area where planting might not be possible like a patio or deck. Check out the photos on our website to see some of our work and get some ideas for your own yard or business.

Welcome to our Inaugural Newsletter!

On behalf of the entire G. Norwood Landscape team we are looking forward to the 2014 season and warmer weather- it really was a **long** winter!

A Tip for you!

Already have an established perennial garden? Did you know that dividing your plants stimulate new growth both above and below ground?

A great way to tell if your plants need to be divided is when the stalks fall to the side with fewer leaves and flowers, creating a hole in the center. Maybe the plant has become too big for the area and is now growing into other plants or sometimes even onto the lawn.

Whatever the reason, feel free to contact the G. Norwood Landscape professionals to help you!

A Message from Mark

Our goal at G. Norwood Landscape is to provide our clients with outstanding, professional service and quality. A lot has changed since my father, Gerry Norwood began this company in 1983. As we have evolved as a company, it has become clear to me that many of you are unaware of the different services we have to offer and the many ways we can assist you, whether it is in your own garden or at your place of business.

Norwood News is designed to keep you up to date with our services and product offerings . It will also provide us with a great opportunity to stay in touch with you, share tips and provide advice in the areas we feel are most important.

If there is a topic that you would liked to see discussed in a future newsletter, feel free to let us know.

Your feedback is always welcome!

Regards,
Mark

Thank you for a great 2013-2014 winter season!

Referral Program

We have begun a new referral program for our existing clients who provide us with ***new*** residential or business accounts. For more information about our current program reach out via email at [***mktggnorwood@gmail.com***](mailto:mktggnorwood@gmail.com)

The highest compliment we can ever receive is a referral from our clients!
